The Ledger has lately received a copy of Kernal's English Synonyms, Antonyms and Prepositions, published by Funk & Wagnalls and sold by them at \$1.50. The book is superior to a dictionary, in that the words are classified, with the distinction of each clearly defined. As a ready reference it is invaluable, and to a scholar is worth hours of study. Not alone in the selection of words is the book of value but the correct use of prepositions is also fully treated. Speaking of the edition President Coolidge of the Polytechnic Institute, Brooklyn, says: This book will do more to secure rhetorical propriety—propriety and precision of expression—than any other text-book of higher English yet produced.

THE KEYSTONE DRAMATIC COMPANY. The Niagara Falls (N. Y.) Gazette says: "When the Keystone Dramatic Company was billed to give cheap plays it was at once thought that it would give them cheaply. Never was there a greater surprise. As a matter of fact, the plays are good and the actors themselves are excellent. They know how to act in the first place. They are not stars," but good actors, and they are intelligent in the rendering of their lines. The Keystone Company is a great surprise to Niagara Falls. It is getting good support, too. QUESTIONS ANSWERED.

In reply to an inquiry addressed to The Ledger a few days ago, it was stated that Kate Shelby, a young girl of 15, during a terrible tempest on the night of July 6th, 1881, walked five miles, crossing the darkness and storm, a very dangerous bridge, to warn the night express on the Chicago and Northwestern Railway of a wrecked train, thus saving the lives of many passengers.

She was rewarded for her heroism by a handsome subscription of money, and at a session of the Iowa Legislature a medal commemorative of her bravery was presented to her.

"What Can a Woman Do," the book giving the desired information, is now on sale at The Ledger, by Miss Ida Keith of Front street.

LISTEN, FARMERS!

The Ledger Offers You a Proposition That is Decisively Fair.

A farmer in Wisconsin says he has adopted a plan of advertising in his home paper which has saved him much valuable time and brought handsome returns for the money invested. He says:

"When I am ready to sell anything I insert a little advertisement in the local paper, and I have found that it will sell, live stock, how many of each, and when they will be ready to ship, and the result has been that buyers are right after me, either personally or by mail, and naturally I get the highest price."

The Ledger has such faith in the efficacy of publicity that it submits this proposition:—

If any farmer in Mason or adjoining counties—either in Kentucky or Ohio—has a farm stock for sale, the advertisement will be inserted in THE LEDGER for one month if necessary.

If at the end of that time no purchaser can be found, the advertisement will cost nothing.

If a purchaser is found, the seller is to pay for the advertisement at regular rates.

Suppose you try it.

The tests of the new twelve-line naval gun have proved it the greatest gun ever made in any country. With an 860-pound projectile it can pierce any armor. The new battleships and armored cruisers will be equipped with these guns.

A temporary restraining order has been issued by Circuit Judge Owen to stop the city of Owensboro and the contractors from erecting poles and running wires for the new electric light plant in that city. The Cumberland Telephone Company is the complainant.

Joe Harmon, aged 61 years, and Lisa Glosser, aged 11 years, residing near Warsaw, Ky., were married a few days ago on the Indiana shore. The mother is a widow, and the child was 10 years of age. The record of her birth is alleged to show that she is but 11 years old.

At Des Moines, Ia., Lampton P. Sherman, brother of the late John Sherman, suffered a stroke of paralysis, from which he may not recover. He is over 70 years of age and the stroke, his physicians said, has rendered him permanently blind. His brother wished him \$10,000.

The Nirestraw Conductor looked meditatively. "That young woman," he said, "must be from the country."

"Why so?" asked the Willing Inquirer. "Because she actually thanked the man who got up and gave her a seat, and said 'please' to me when she wanted the car stopped."

Albert Thompson of Bourbon county was held to answer in the Circuit Court in bond of \$1,000 by Commissioner Hill at Lexington, on the charge of intimidating Negro voters. Lee Deery and Sam Smith, colored, were held in like amount. Thompson's offense was causing the arrest of a party of craphooters.

Commander-in-chief of the Grand Army of the Republic, Judge Lee Harrison of St. Louis, will issue a general order, one section of which will relate to House Resolution 5779, asking permission for veterans in the public service, which bill received favorable consideration by the committee in the past session of the present Congress, and is expected to be become a law early in the coming session.

If the recommendations of Commissioner of Internal Revenue Wilson have any weight, there will be an increase rather than a decrease of the stamp tax under the war revenue act. He demands more salaries for employees because of the extra responsibilities compelled by the act. He wants counter checks and receipts stamped as regular bank checks and also would extend the tax on proprietary medicines.

OUR 900 FALL AND WINTER STOCK OF CLOTHING, HATS and SHOES

Is the most satisfactory to us and our customers we ever had in the house. Were the fact not patent to the most casual observer we would not say it, and it is this—

Our House Stands Today Foremost For Handling Better Goods Than Any Other House in the State!

And that is the only reason we enjoy the trade we do.

We have long since learned that our people don't want cheap goods; they want good merchandise at reasonable prices, and that's what they get from us.

We can in truth say that frequently we are more particular in the fit of

Our customer buys than the purchaser. We let nothing leave the house that is not as perfect as human hands can make it; but "it pays." The amount of goods we sell is the best evidence that our endeavors are appreciated.
